

Letter of Guaranty

The PANSAVER[®] Liners are manufactured by M&Q Packaging Corporation, Earl Street, Schuylkill Haven, PA.

They are designed to be used for all types of cooking applications. The temperature range is from -100°F to +400°F.

The film used to produce PANSAVER[®] Liners is produced from resins that meet the Food and Drug Administration 21CFR 177.1500 (a) (1) (6), (b) (1) (6.1) and 21CFR 178.2010 to produce articles intended for use in the processing, handling, and packaging of food products. The film also meets all NSF and KOF-K standards.

Sincerely,

Diane Hitzel
Quality Assurance Manager
